The Mavens Club

Health

Schedule a complementary comprehensive health test through our dedicated wellness program. We have partnered with the very best healthcare providers to ensure that these checkups are conducted with the highest standards. The test reports are followed up by a Doctor consultation, at a time convenient to you, to help you understand these test reports. Furthermore, you would also have access to a consultation session with a Dietician to circle back the report and diagnosis, if any, with possible diet changes.

Will Drafting

As our commitment to supporting you not only in your financial journey but also in securing your legacies and future of your loved ones, we are delighted to offer complementary 'Will Drafting' services. Legal nuances can be complex, but our dedicated professionals are here to navigate these intricacies and understand your unique needs while crafting your will.

Legal Consultation

Explore peace of mind with our complementary legal consultation services in occasions such as signing any contracts, navigating private equity deals or engaging in complex property transactions. Our expert advisors guide you to safeguard your interests through intricate legal matters.

Philanthropy

At Mavens Capital, we understand our social responsibility and believe in the power of making a positive impact in the broader community. Whether it is registering for Organ Donation or monetary contribution to the right foundations, such as Goonj, we will help you witness the direct impact of your efforts to those in need. This program is more than just a perk—it's a testament to our belief in the positive change that individuals can bring to the world when united by a common purpose. Together, we can make a difference, one act of kindness at a time.
